

## Exciting Post-Chaplaincy Ministry with Interim Pastor Ministries (IPM)

Of Potential Value to Senior CBAmerica Chaplains

Do you know any pastors [or chaplains] under your leadership who are thinking of retiring but still want to use their training and experience to serve the Lord and His church?

Interim Pastor Ministries (IPM) would like for you to let them know about the

opportunity IPM can give them to experience what Mike Moran, an IPM pastor describes:

*Over the last several years I've had the joy of serving three different churches as an interim pastor with IPM. It has been some of the most fulfilling ministry, to the Lord and to His church, that I've experienced in over 30 years of full-time church leadership. Over the last five years I've seen church boards begin to function more effectively, congregations regain hope and a vision for their future, believers recommit to surrendering to their Savior, nonessential tasks eliminated, and God's amazing selection of the next Pastor, who will lead the church into her future. It has been exhilarating to see what happens, not only when you're on site but especially when you complete your assignment, and then watch from afar as the church launches under the leadership of their new pastor!*

If you know of any pastors who would like to have a fulfilling retirement by serving with IPM\*, let them know about the two remaining IPM virtual training events in 2020

- October 8-9 (registration closes September 24<sup>th</sup>)
- November 12-13 (registration closes October 29<sup>th</sup>)

Please contact me if you have any questions and feel free to encourage any pastor to call me to talk about interim pastoring and IPM.

Called to love and lead His Church,
